

Mastercard Americas Risk Leadership Conference

New Delhi, India

July 30 - August 2, 2018

Workshop Agenda

Monday August 5, 2019 - Pre-Conference Sessions **9:00AM - 5:00PM**

Pre-Conference Workshop Breakfast **8:00AM - 9:00AM**

Workshop and Conference Registration **8:00AM - 5:00PM**

Pre-Conference Workshop: The Future of Authentication **9:00AM - 4:00PM**

With the rise in digital commerce, consumers now have more ways to pay than ever before. Whether that is on an internet browser, mobile app or at a traditional POS terminal, it is more evident than ever that there is a need for increased security throughout the payments industry. Join this full day workshop to hear from Mastercard experts on the new ways to create authentication solutions that protect transactions as well as providing a positive consumer experience. We will discuss Mastercard's Identity Check program and offer insights into how parties can leverage the EMV 3DS flows to optimize the authentication experience. Additionally, we will explore how biometrics - both behavioral and passive - are being utilized. Mastercard will share perspective around how establishing one's digital identity will be a critical part to the authentication process and what Mastercard is doing to ensure yours will be protected.

Pre-Conference Workshop: Mastercard Vendor Seminar **1:30PM - 5:00PM**

This half day workshop is intended for vendors that manufacture cards, personalize chips/cards or remotely provision mobile payment devices. The session will enable attendees to engage with Mastercard representatives and industry experts to hear firsthand about the policies, procedures and security requirements that promote a secure production environment and enable security certification according to the Mastercard Global Vendor Certification Program (GVCP).

Pre-Conference Workshop Lunch **12:30PM - 1:30PM**

Thursday August 8, 2019 - Post-Conference Session **9:00AM - 4:00PM**

Post-Conference Workshop Breakfast **8:00AM - 9:00AM**

Workshop Registration **8:00AM - 9:00AM**

Post-Conference Workshop: Cybercrime and Payments Security **9:00AM - 4:00PM**

Join this interactive workshop to learn all you need to know about cybercrime and payments security. From the history and genesis to learning about the monetization of cybercrime, the dark web, bitcoin and effectively managing insider threats. Organizations will benefit from best practices in how to effectively manage cybercrime and get a firm understanding of what 'good' looks like. We will also hear from Mastercard's PCI experts on the future of payments security including PIN on Glass, Tap on Phone, the new Software Security Framework, major releases of the Data Security Standard (PCI DSS v4.0) and P2PE standards, and planned updates to the Mastercard Site Data Protection Program.

Post-Conference Workshop Lunch **12:30PM - 1:30PM**
